

K&M KÖNIG & MEYER GERMANY

T R A N S P O R T A B L E 42020

K&M began producing stands for 19" rack-mounted products in the '80's. As with all K&M products, only the highest quality, specifically-selected materials were used to guarantee the long-life of their 19" rack products. In 1988 the innovative 19" rack wagon 42020 was introduced into the market. Designed to house a "studio-on wheels", the 42020 showcases the engineering and manufacturing expertise that distinguishes K&M from its competitors. The upper section is designed to accommodate 19" rack-mounted mixing boards. The angle of the 42020's mixer mount is fully-adjustable from the horizontal to a 45 degree position, thanks to its

spring-loaded locking pin adjustment mechanism. The optional 42021 extension brackets attach to the upper mixer mount to provide an additional 9 rack spaces. The lower section handles even the deepest rack-mounted effects processors and power amplifiers with ease. After over 10 years the 42020 is still the industry's most versatile professional rack stand that's equally at home, in the studio and on stage.

AMP-, MONITOR- AND MIXER STAND

The ultimate accessory for DJs! The practical DJ table by K&M includes **2 turntable positions** and **1 mixer position**. The aluminum top plates are on **spring bearings**, making it impossible for the unit to vibrate or shake. Records revolve evenly and scratching is possible even on very shaky stages. Depending on the load on the table the suspension can be adjusted such that the turntables are suspended in a virtually floating manner. The table is **adjustable in height** and can be folded up for transport. Wt: 24 kg, H: 755/1100 mm, W: 1690 mm, D: 575 mm.
