

CHG 2N / CHG 4N

Network-enabled chargers of the SpeechLine Digital Wireless series

Firmware version 3.0.0 - Release date 2021-12-07

For conformity, consistency and compatibility reasons, we strongly recommend upgrading the system to the new release.

Features

- Support of remote pairing via Control Cockpit
- New SSC location command.
A location name of up to 400 bytes can be stored via SSC command

Firmware Update

- The firmware update requires the Sennheiser Control Cockpit software:
www.sennheiser.com/control-cockpit-software
